BARBOURVILLE, KENTUCKY, FRIDAY, OCT., 19, 1912

Vol. IX, No. 36

An Open Letter from the Knox County Republican Campaign Committee to the Voters of this County

Barbourville, Ky., Oct. 14th, 1912.

MR. VOTER,

Please read all of this letter as well as the inclosure, and examine the list of names on the margin of these pages, who make up the campaign committee of Knox County. We are making a winning fight for the Log Cabin. This is the strongest and most enthusiastic campaign committee that ever led a fight for the log cabin in Knox County. We want your help.

We want to talk to you briefly, why you should not desert the Log Cabin this year, but give it your earnest support. Each and every member of this Republican campaign committee, concedes your rights to vote as you wish. This letter is not intended to criticize or abuse you if you differ from us, but to appeal to you as a patriotic citizen to do the thing that is best for you, for your home and your Country. We think that any Republican who goes off after the so-called "Progressive Party," will act against his own interest as well as the best interest of his country. We must bear in mind that Mr. Roosevelt has quit the Republican party. He says he is not a Republican. He says that his party is a new party. He instructs the people who are for him to get out of the Republican party. You cannot be a Republican, and at the same time belong to the Progressive Party.

You say how will that effect me? Last Winter the Kentucky Legislature passed a state primary law, and that law defines what is a Political Party. It provides that no organization is a political party, unless it cast 20% of the entire vote of the state. This so-called Progressive Party will not be a Political Party under this Primary Law unless they get something like 100,000 votes this fall, and if it is not a Political Party, it cannot have candidates on the ballot in the State Primary next year. We know that the Progressive Party cannot get the required number of votes. The registration of votes in various towns in the state a short time ago, showed that the Republican Party got about 10 to 1 over the Progressive Party. The Progressive Party supporters and leaders everywhere are deserting it, and admit that it is a failure, and is losing ground every day. According to the registration, the Progressive Party will not get more than five per cent of the votes in the State. There is the City of Lexington, that registered more than 3400 Republicans, and 112 Progressives. Winchester registered more than 700 Republicans and only about 68 Progressives. The Registration in Corbin was 96 Republicans and 1 Progressive. This is the home of H. H. Seavy the Progressive Candidate for Congress. Middlesboro registered nearly 400 Republicans and 67 Progressives, and thus it was all over the state.

This proves beyond a doubt that the Progressive Party will not become a Political Party under this Primary Law, and if you vote with this Progressive Party, you cannot be a candidate or voter in the State Primary in this County next year. The Progressive party will not be entitled to have any candidates on the Ballot. This is the Law. You can read it for yourself. These men who are trying to get you to vote the Progressive Party and leave the Log Cabin this year have not told you that it is entirely a new Party, and this will disqualify you from being a voter or candidate in the Primary next year. Why should you leave the Log Cabin? What return will you get for giving up your party, and thus depriving yourself of being a voter or candidate in the Primary next year.

Some one says the Republican Party is not Progressive. Let us see. The other day Ex-Governor Beckham in his speech in Barbourville, Ky., says that whatever development there was in the government in the last 40 years (excepting Cleveland's Administration) the Republican Party is entitled to credit. Of course we don't want to take credit for the Panic, misery and Soup Houses of the Cleveland Administration. Governor Beckham was right. We Republicans have been telling the people for years that the history of our nation for the last 50 years is a history of the progress and achievements of the Republican Party. Is it not a splendid record of glorious progress and development. It struck the shackles of bondage from 4,000,000 slaves. It saved the Union. It has extended the Dominions of the United States so that the sun never sets on American soil. It raised our nation from the second rate Powers in 1860 to being the greatest Nation in the World in 1912. It shouldered and paid the great debt of the Civil War. It gave freedom to the oppressed Cubans and Philipinos. Under its wise direction and encouragement the great railroads connecting the Pacific and Atlantic Oceans were built. Think of the wonderful progress in schools, our homes, Religious Institutions, in our farming, mining, railroading, manufacturing and commercial industry, making the American farmer the most prosperous of any class of people in the world, the laboring man of our Country has better homes and more educational advantages than the laboring man of any country.

It has made us the most enlightened, most progressive richest, and most powerful nation of the earth. We repeat what a glorious record of progress and achievement. Are you not proud that you have been and are now a member of that great party that helped to make this progress and development possible?

And are you now ready in order to satisfy the hatred and boundless ambition of one man or a set of men to turn upon this party, to rend it and destroy it.

Mr. Roosevelt demands that if you follow him you must turn your back upon your party, and look to him. He made his boast that he would destroy the Republican party. Why? Simply because we would not give him a third term, an honor which was never sought by Washington, Jefferson, Lincoln or Grant.

Roosevelt the friend of trusts. Roosevelt is now posing as the friend of common people. Let us see how that is. When Roosevelt went into office there were 141 trusts in this country with a capitalization of three billion dollars. At the end of his seven and one-half years of office there were 10000 trusts with a capitalization of thirty three billion dollars. Who is the friend of the trusts? George W. Perkins and Medill McCormack the heads of the Standard Oil and Harvester trusts the two largest trusts in the country. Why did not Roosevelt do some of these good things while he was President?

A CAMPAIGN LIE

These same fellows tell you that President Taft said recently, that a dollar a day was enough for any laboring man. Don't you know this is a lie? Don't you know that any man who has sense enough to be President and in politics would not make any such statement. It is an insult to your intelligence to try to make you believe any such statement. Taft rendered the greatest decision that was ever made for the benefit of the labor unions. He has always stood for high wages, for the labor, and high prices for the farmer. There has been more wholesome laws passed in favor of labor in Taft's Administration, than in any other.

TO THE OLD SOLDIER

We appeal to you Veterans to stand by the log cabin, the party of Lincoln, Grant and McKinley. What reward have you for turning upon the party which you loved and which loved you, the party which you helped to make, and the party which has cherished you in your declining years. Don't you know that if you vote for the Progressive party (which has been properly nicknamed the Democratic Aid Society) is a vote to give aid and comfort to the Democratic party; but you say, did not the Democrats vote for pension Legislation this year? Yes, and when they did it, don't you know they were hiding for your vote. Who first introduced pension Legislation? Who has been consistently supporting it for the last 30 or 40 years (the Republican party)? Who has been fighting you old soldiers and fighting the pension laws proposed by the Republicans all these years? Who has been abusing you and calling you paupers, because the Government wished in this small way to in a measure at least, express its appreciation of the services which you rendered to the country, in saving its flag and in saving the Union? The Democrats of course. Do you now feel like giving them aid and comfort, or helping to destroy the party that has been your friend? Do you think you ought to do it? A vote for the Progressive party is a vote to help destroy the Log Cabin.

TO THE COLORED VOTER

Will any self-respecting colored man vote for the Progressive party. Mr. Roosevelt at Chicago turned out every colored delegate from the South. He wanted to establish a white man's party. Why? You will remember that he placed John B. Parker, a Democrat of New Orleans at the

(Continued on Second Page.)

TEDDY ROOSEVELT SHOT Wounds not Serious and He Will Soon Recover

MILWAUKEE, WIS., Oct. 14. —Theodore Roosevelt was shot and wounded tonight as he was leaving the Gilpatrick Hotel for the Auditorium to make a speech. Despite his wound the Colonel went on to the hall and began his speech after he had seen the assailant arrested and taken to the police station.

With the Colonel were Philip Roosevelt, a young cousin, Mr. Cochems, Mr. Martin and Capt. Girard.

The crowd pressed close about the Colonel and gave a cheer as he appeared. As the party approached the automobile, Col. Roosevelt's companions stood aside and he stepped into the car. Martin entered directly behind him, and sat on the further side of the car.

Col. Roosevelt stood up waving his hat in answer to the cheers of the crowd. The assassin was standing in the crowd a few feet from the automobile. He pushed his way to the side of the car and raised his gun fired.

Martin caught the flash, and leaped over the car a second after the bullet sped on its way.

Col. Roosevelt barely moved as the shot was fired. Before the crowd knew what had happened, Martin, who is six feet tall and a former football player, had landed squarely on the assassin's shoulders and had borne him to the ground.

The fourth rib on Colonel Roosevelt's right side was fractured by the bullet which struck him. This became known Wednesday. It was also learned that the x-ray photograph taken in Milwaukee failed to reveal the exact location of the bullet. A more minute examination of the place will be made this afternoon.

The fractured rib, it was explained, had caused pain in breathing.

Schrank is a foreigner and discharges from his native country, Havarria, state that he is an army deserter. His trial will not be had until after the election. Schrank is the man that fired the shot.

REPUBLICANS ORGANIZE

Meeting Held Last Monday Night and Preparations Made to Conduct a Thorough Campaign Over Knox County.

The Republicans of Knox County are awake and lighting. At a meeting held in this city last Monday evening at which were present prominent Republicans from different parts of the county preparations were completed for conducting a wide-awake campaign to extend all over Knox County.

Reports have been falsely circulated that the Republicans of this county were not trying; that they realized that theirs was a hopeless cause and that they were beaten. If any one who has been circulating these reports could have been present at this gathering they would have received a far different impression. This was one of the most enthusiastic meetings of Republicans ever assembled in this city. Plans were here formed and committees appointed to carry them into action which within the three weeks from now until the election will put

THE FIRST NATIONAL BANK of Barbourville,

Appeals to the thoughtful man or woman as the bank with which to do business.

It has the financial backing.

It is being managed by careful and successful business men.

It is growing every day.

It is a City and County Depository.

It pays 3% interest on time deposits.

every citizen and voter in possession of the true facts concerning the issues of the present Presidential campaign.

On Thursday of this week the precinct committeemen were called together. This proved to be somewhat of a general rally, as there were a large number of Republicans present both from this city and from different parts of the county, besides the committeemen and all were optimistic over the prospects of a large Republican majority in this county.

H. H. Seavy is Not The Labor Candidate

H. H. Seavy who has for years and is now connected with one of the biggest and most powerful corporations of the whole country is posing as the laboring man's candidate for Congress in this district. In the literature sent out by him he claims that he is a member of the Brotherhood of Locomotive Engineers, and to be in good standing with them. He is neither a member of such order, nor is he in good standing with its members. It is true that he was a member but he is not a member now. While he is, himself, a laboring man, the truth further remains that he has never been friendly to labor. He owns an automobile and speeds around all over the streets of Corbin, Ky., holding himself above the laboring men engaged even in the same

calling with himself. If there be those who doubt the truth of these statements, you are referred to Bill Shively, and O. B. Upton.

all engineers along with Mr. Seavy on the C. V. Division of the L. & N. Railway Company and who are in situation to know all the facts, and if this does not satisfy you, you are referred to W. R. Bingham, Corbin, Ky., W. C. Campbell, Barbourville, Ky., and S. B. Dozier, 1231 North Main St., Mt. Carmel, Ill., all of whom used to fire the engine for Mr. Seavy.

Caleb Powers on the other hand, has always stood flat-footed by the cause of labor and always met the laborer with extended hand and greeted him as a brother and fellow traveler on the road of life. Powers is a member of the Benevolent Order of Odd Fellows, the Redmen and the Junior Order of American Mechanics, all of which are friendly to labor, standing for its uplift and betterment.—Adv't

To Consumptives

Rev. Edward A. Wilson was cured by simple means of a severe throat and lung affection which developed into consumption. If you will write to Mr. Chas. A. Abbott, 60 Ann St., New York City, he will send you (FREE OF CHARGE) Mr. Wilson's full description of his cure. It will cost you nothing and may prove a blessing. 5-24-12

CLOTHING OF QUALITY

The BEST is always the CHEAPEST and no one can question the quality of our line of clothing. The Hart, Shaffner & Marx clothes are the standard of perfection and have a world-wide reputation for long wear and gentile appearance.

We have a full line of ready-to-wear clothing of all styles, qualities and prices. We carry in stock clothing of five of the leading tailoring houses in the United States and we can satisfy any class of trade. New Fall and Winter line now on display at our store.

COMMISSIONER'S SALE

KNOX CIRCUIT COURT

Allie Rice, plaintiff.

vs.

Gertrude Rice, etc.,

and

John S. Cahala, adms. of B. A. Rice
deceased, defendants.

Under a judgment of the Knox Circuit Court rendered at its Sept. term 1912, in the above styled case the undersigned Master Commissioner will on Monday October 28 1912, it being county court day for Knox county, between the hours of 10 o'clock A. M. and 3 o'clock P. M. at the east door of the court house in Harboursville, Ky., sell on a credit of six months, the following two tracts of land. And the purchaser will be required to give bond with approved security bearing interest from date of sale and having the force and effect of a judgment with a lien retained upon said property until paid in full. Said land is situated on the south side of Cumberland river near Armetus and is known as the J. B. Parks farm or Gregory land.

Beginning at a small ash on Gregory branch, waters of Brush creek; thence s 67 1-2 e 39 poles to a stone on the side of a drain thence up said drain s 8 e 4 poles to a mulberry; thence s 33 e 10 poles to a cucumber, in all, 17 poles to a stone on the side of said drain; thence s 26 e 42 poles to a sourwood and red oak on top of the ridge; thence with same to Gregory's line; thence with Gregory's line to two black gums; thence s 38 e 18 poles to a spotted oak, corner of lots 10 and 11, made in the division of Gregory, of color, line; thence n 12 e 65 poles to a red elm; thence n 26 e 28 poles to a persimmon, in all, 64 poles to a small red oak standing on a bluff; thence s 65 e 26 poles to a stone; thence east 8 poles to an apple tree; thence n 25 e 26 poles to a beech; thence n 64 w 14 poles to a cucumber thence 65 w 14 poles to a black oak stump; thence n 77 w 46 poles to a black oak on John Corum's line; thence with a conditional line made between John Hoskins and Henry Gregory of color, and with John Corum's line to the line of the land sold by J. B. Parks to B. F. Main; thence with said line to a persimmon standing by a fence and a bluff thence s 44 w 16 poles to a black jack by a fence; thence s 41 w 18 poles to a sycamore by a fence; thence s 45 w 26 poles to a stake in a low gap on a cliff on Cumberland river; thence s 13 e 21 poles to the beginning.

SECOND TRACT beginning at two small sassafras bushes in a swag on an upland hill and on the line of John M. Davis and B. A. Rice; thence running a course of n 88 e to a stake on a conditional line made by and between John Hoskins and Harry Gregory of color or thence running with the conditional to where it intersects with J. B. Parks line; thence with J. B. Parks line to the beginning.

Given under my hand, this 9th day of October, 1912.

ROYAL

BAKING POWDER

Adds Healthful Qualities to the Food

Prof. Prescott, of the University of Michigan, testified before the Pure Food Committee of Congress, that the acid of grapes held highest rank as an article of food and he regarded the results from baking with cream of tartar baking powder as favorable to health.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar.

Oct. 28 it being the first day of the Knox county court to the highest and best bidder, the following described boundary of land. Sale to be made between the hours of 10 A. M. and 1 P. M.

A tract of land lying in Knox County on Brush Creek and bounded as follows: on the north by lands of the Interstate Coal Co., and on the east by lands of the Interstate Coal Co., and on the south by property of Interstate Coal Co., and on the west by lands of T. Brown and the Jones heirs. Said land is the property levied on as the property of Janson A. Dethleage;

This sale will be made to satisfy judgments of \$300.00 with interest from May 10th, 1912 and \$143.24 and interest from 6th day of June, 1912 and probable cost of \$100.00. Sale will be for cash or on a credit of six months with approved security with interest at the rate of 6 per cent. from date of sale until paid, having the force and effect of a judgment and retaining a lien upon the property until the purchase money is paid.

Given under my hand this 9th day of October, 1912.

Sheriff's Sale

R. J. Mills

vs.

J. H. and Alice Warren

head of his convention. You know how a Southern Democrat like's you colored people in politics, Roosevelt wanted to entice the Southern Democrat; but Mr. Roosevelt ought not to forget that it was a regiment of brave colored soldiers that marched in front of him and shielded him from the Spaniard's bullets at San Juan Hill; it was the colored voters that made it possible for him to be elected Republican Governor of New York by a small majority and it was the colored voters all over the nation that voted for him for President. What does the Colored man think of his ingratitude? Roosevelt used to eat with the colored man to get their votes. He turns his back on them. He is looking for votes in the Democratic party. Now, will you help to tear up the party of Lincoln, Garfield, Grant and McKinley, and will you turn your back upon the party that has been your friend and will continue to be your friend and give aid and comfort to your enemies.

Some may say that Mr. Taft did not get his nomination fairly. You nor I attended the Chicago convention. Governor Hadley, the Great Republican leader of Missouri, was Mr. Roosevelt's campaign manager at that convention. The Hon. Ormsby McHargue, of New York was in charge of these alleged contests of Roosevelt. These are both great men Honorable men. The convention decided in favor of President Taft. He was nominated. Mr. Roosevelt's managers, Governor Hadley and Mr. McHargue, as well as hundreds of others of his leaders said it was right, and that they are now for President Taft, and say that Roosevelt is wrong in trying to destroy the Republican party. These men are giving their best efforts for Taft.

Others of you may say that you want the tariff taken off. The people got that notion in their head when they elected Grover Cleveland. We all know the result, Business failures, starvation, misery, panics, Coxy's armies and "Soup Houses." Mr. Wilson, the Democratic candidate is preaching the same thing. Do you want to bring about the same conditions that we had in the Cleveland Administration. Whenever we had tariff in this Country, the Country was prosperous. Democratic free trade has always brought disaster. The price of corn, wheat, horses, mules, cattle, hogs etc., are high. Wages are high. Everything is prosperous. You put Wilson in and get free trade and see how quickly you bring on a panic.

You may say, has the Republican party a chance this year? The Democrats are conceding that Taft will carry New York, Pennsylvania and all of the other Eastern states, and certain Central and Western states. This almost elects Taft. Taft and his friends however say there is no doubt of his election. Farmers, laboring men and business men are flocking to Taft by the thousands. He is gaining as no man has ever gained. Why? The people do not want these prosperous times disturbed. They know that Roosevelt has not a ghost of a show. They do not want Wilson elected. The Democratic farmers and business men are rallying to the support of Taft. Go to the poles yourself. Take your neighbor A vote for the log cabin preserves your party rights for next year. It is a vote for Caleb Powers and for prosperity. Do not join hands with these men who have had the Republican "teat" in their mouth for years, and when they can no longer hold office in the party and absolutely control it, they join with other persons who have always been Democrats or who hated Powers, Sampson and other Republican nominees and are now going through the country asking you and us to help them to destroy the party that has made this country what it is. They are telling you Republicans how to vote. They say: "We know Roosevelt has no chance but we will take enough votes from the party to defeat the Republican ticket."

WILSON AND FREE TRADE

Wilson is the free trade candidate. To elect Wilson means to go back to the "Cleveland Hard Times," let us not forget this. The Republican party stands for the protection of the farmer and laboring man and they are the "backbone" of the Country "The Salt of the Earth."

Prosperity means high prices for the farmers and working man. We don't want to put our farmers and working men on an equality with the "Free Trade" countries of Europe. Wilson says put him in and he will give you "Low Prices." So said Cleveland. See your Democratic friends as well as those Republicans who are talking of leaving the "Log Cabin" and reason with them. Do all you can and victory is ours. We can win and will win with the biggest majority ever given the Log Cabin in Knox County.

Yours for Success this year, next year and years to come

KNOX COUNTY REPUBLICAN COMMITTEE.

COMMISSIONER'S SALE

KNOX CIRCUIT COURT

Sydney Ingram

vs.

Frank Ingram

By order of the Knox Circuit Court, rendered at its September term, 1912. In the above styled case the undersigned Master Commissioner will on the 28 day of Oct., 1912, same being first day of the Knox County Court, sell at the Court House door in Harboursville, Ky., to the highest and best bidder the following described property viz:

Said tract of land is situated near the town of Flat Lick in Knox County Ky., and is bounded as follows: "Beginning on a 15 foot street, thence n 5 e 105 feet thence n 85 w 82 feet; thence s 52 w or such a course as to be parallel with the lower line of the widow Jones, now occupied and owned by Daniel Gilmore and leaving a ten foot street between this lot and the Gilmore lot, 181 feet to within 10 feet of the lot owned by Mary E. Coon; thence southwardly and parallel with the said Mary E. Coon's lot so as to leave a 10 foot street, between it and this lot 118 feet to a 10 foot street, running from the old state road near the residence of Arch Campbell to the Harboursville road, just south of Mary E. Coon's lot; thence n 86 e with said street, 208 feet to the beginning, and it being the same tract of land in which Frank Ingram and Betty Ingram on the 11th day of March 1912, conveyed to the plaintiff Sydney Ingram a two thirds undivided interest, and said deed is referred to for a more definite description and boundary."

Said property will be sold on a credit the purchaser to execute bonds with approved security, bearing interest from date until paid, having the force and effect of a judgment and retaining a lien on said property until the purchase money is paid.

Witness my hand, this 8 day of October

J. R. Jones, Commissioner.

Sale about 1 P. M. Purchasers must execute bonds as soon as sale is over, or the property will be immediately put up and resold.

JUDGE ANDREW J. KIRK.

All Parties Are For Judge Kirk

SO SAY WE ALL OF US.

(Lexington Leader)

THE Louisville Evening Post offers a suggestion which the Leader gladly endorses. It is that all parties unite in supporting Circuit Judge A. J. Kirk for the vacancy on the Court of Appeals bench caused by the resignation of Judge E. C. O'Rear which was filled temporarily by the appointment of Mr. Robert H. Winn by Governor Wilson. Judge Kirk is an ideal selection and is sure of nomination and election no matter what happens in Kentucky or the Nation, but his endorsement by all parties would have a good effect. The Post says on this subject:

"The retirement of all other candidates makes certain the nomination by the Republican party of Judge Andrew J. Kirk, of Johnson county, for the vacancy upon the Kentucky Court of Appeals to be caused by the retirement of Judge R. H. Winn in November. Mr. Kirk is now a Circuit Judge, and one of the best in Kentucky. The district is so overwhelming Republican that even in this year of certain Republican disaster the Republican nominee should win easily. Moreover, Judge Kirk is of the material out of which Appellate Judges should be made. The Democratic party will do a graceful act in not contesting the election, and Wilson, Taft and Roosevelt men can all unite in the promotion of this Judge."

"So say we all of us." We believe the Leader and Post express the sentiment of practically the entire district and that the suggestions offered will be acted upon by the voters of the district.

Adv't.

NOTICE

Stock Law Elections

The Sheriff of Knox County as directed by an order of the Knox County Court at its August term 1912, will open a poll in precincts No. 17 Lower Brush Creek and precinct No. 18 Upper Brush Creek to take the sense of the voters in precinct No. 18 as to whether cattle of any kind shall be permitted to run at large or not, and in precinct No. 17 as to whether or not "hogs" shall be permitted to run at large. This poll will be opened and the election held at the regular November Election, November 5th 1912. At which election all legal voters in said precincts will have the right to vote.

Witness my hand as Clerk of the Knox County Court, this October 1, 1912.

Read P. Black, Clerk.

Religion.

Religion is a thing that most men intend to acquire after they have succeeded in getting everything else they want.

NOTICE

Change of Roadway

On November 1st, 1912 a petition will be filed to make the following change in the public road leading from Wilton, Ky., to Liberty School house and described as follows:

Beginning in the ford of the Creek near the Harrison Steele place and running into the lands of Chas. Fore, to a small poplar on the foot of the hill; thence running around the foot of the hill above the high water mark to near two gums on the Wilton and Woodbine road.

This work changes the road from a roadbed in the creek and where the road cannot be made good to a place of a good location for a road.

(Signed)

C. B. Parrott,
Road Engineer Knox County.

SUITS & OVERCOATS

LADIES' and MEN'S

During the past week we received a large shipment of Fall and Winter Clothing of all kinds. This included a full and complete line Ladies' cloaks, all latest styles and patterns, which are now on display at our store.

Also included in this shipment were men's suits and overcoats of best quality and at prices unequalled.

We wish to call special attention to these as we are making a special effort to procure the highest grade of clothing possible and yet offer them at reasonable prices.

Also full and complete line of ladies' dress goods of all kinds. Call and make your purchase now and get the pick of the lot.

COLE, HUGHES & CO.,
Barbourville, Ky.

LOCALS

Nobly line of suits on display at
Hendon & Tinsley's.

John L. Powers, of Middleboro,

J. M. Robinson was in Louisville
Tuesday and Wednesday on business.

Mrs. Myrtle McBrayer, of Kettle
Island was in this city Thursday
between trains.

The entertainment at Union College
Thursday was well attended
and was highly enjoyed.

The best assortment of correct
styles in cloaks and suits to be
found in this city at Hendon &
Tinsley's.

Mrs. Chas. Rafton and sister Miss
Lucy Tinsley were attending the
Christian Church Convention at
Louisville this week.

The Barbourville Street Railway
Co. has purchased a new car which
arrived the first of the week and
replaced the old one.

Hendon & Tinsley's store is the
ideal place to find just the kind of
suit or cloak you want. See them
before buying.

Mr. and Mrs. James Clouse and
children, of Monticello, are visiting
his parents Mr. and Mrs. Dudley
Clouse in this city.

W. W. Evans, Superintendent of
Schools of Knox County, is confined
with typhoid fever, but at this time
is getting along very well.

It is a well known fact that
Hendon & Tinsley carry a better
line of up to date suits and cloaks
than any house in the city.

Judge J. T. Stamper, who has
been confined to his bed for several
days past is again able to be up
and attending to business.

Mr. and Mrs. B. C. Lewis, Mr.
and Mrs. J. S. Miller were among
those registered at the hotels in
Louisville the first of the week.

Mr. Lee M. Terrell, State student
Y. A. C. A. Secretary, visited Union
College the first of the week in the
interest of the Association work.

L. M. Cole, Read P. Black, W. C.
Black, A. C. Vaughn and A. M.
Decker are attending the Grand
Lodge of Masons at Louisville this
week.

County Chairman John W. Sump-
son, who has been at Whitley City
for the past few weeks came home
Thursday for a few days on business.

Fred W. Hemphill has secured a
position as fireman with the L. &
N. and successfully passed the ex-
amination and will begin his duties
in a few days.

Adjutant Webb, the head of the
Salvation Army of Louisville, was
in Barbourville Tuesday. She has
placed her daughter, Miss Helen,
in school at Union College.

Mr. John G. Agans, an experi-
enced piano tuner of Lexington, Ky.,
will be in Barbourville the latter
part of the week. Orders may be
phoned to Union College office.

Mr. and Mrs. A. N. Herndon are
in Louisville this week attending
the Christian Church National
Convention and purchasing goods
to add to their fall and winter line.

Make \$25 to \$30 a week repre-
senting us in your Home County.
Exclusive agency, Excellent propo-
sition. The Electro Iron Company,
501 Hippodrome Bldg., Cleveland,
Ohio.

Mr. and Mrs. W. H. McDaniel
and Gillis Catron who made an a-
round of the central part of the
State last week returned Tuesday
making the run from Lancaster in
less than a day.

On account of a lot of campaign
work being on hand that had to be
rushed through we are rushed this
week at the ADVOCATE office. We
have had on an extra force but
have been unable to get up with
the work so far.

Miss Nell Barner, Miss Maggie
Sampson and Mrs. S. T. Steele re-
turned from Cincinnati Tuesday
where they have been for a week
shopping and sight seeing. Mrs.
Steele went on to Cleveland, Ohio
and spent a few days visiting rela-
tives in that city.

On Wednesday afternoon last
Mrs. S. D. Hughes in honor of her
mother, Mrs. D. D. Hildebrand, of
Alton, Va., entertained a few of her
immediate neighbors and friends.
The evening was very pleasantly
spent in various kinds of amuse-
ments. A prize was awarded Mrs.
Fannie Miller who was successful
in drawing the best animal, while
Mrs. L. W. Farmer made the high-
est score in the fortune ball game.
Refreshments were served after the
various games were over and be-
fore leaving.

DEMOCRATS

Wanting Money to Spend Against Powers

Woodson May, of Somerset,
Ben V. Smith's campaign man-
ager for Congress, is sending out
letters to Democrats all over the
state in which he uses this lan-
guage: "We are appealing to the
Democrats all over the state to
come to our rescue and aid us
in defeating Caleb Powers. Won't
you give us a \$5 contribution,
or more if you can?"

Ben V. Smith aided by other
Democrats in the state, robbed
Caleb Powers and the Republi-
can party of the office of Secre-
tary of State, to which the Re-
publicans had elected Caleb
Powers, and Mr. Smith is now
appealing to the same Demo-
crats for funds to help defeat
Powers for Congress and rob the
Republican party of a Republi-

can representative on the floor
of the next House. The Blue-
Grass Democrats are raising
money with which to try to cor-
rupt the Republican voters in
the mountains. The same Demo-
crats branded you as ignorant
outlaws and red handed assass-
ins; you are the same people
they robbed and wronged and
now they ask you to put them
in power.

Republicans, you have never
failed to assert your manhood
and you will not fail now. You
will stand like a stone wall by
Mr. Powers, who has served you
faithfully and well. Republi-
cans, you have been accused by
the Democrats of committing
every crime in the catalogue ex-
cept disloyalty, may you never
be accused of that.—Adv't.

COMMISSIONER'S SALE

KNOX CIRCUIT COURT

vs.

T. H. Amls & Co. Defts.

By order of the Knox Circuit Court
rendered at its April term, 1912, in
the case of W. F. Amls & Co. plaintiffs
against T. H. Amls & Co. defendants.

I will as Commissioner, on the 28
th day of October 1912, same being
first day of Knox County Court,
sell at the court house door in Bar-
bourville, Ky., to the highest and
best bidder, the following described
property, on a credit of 6 months.

FIRST TRACT, beginning at a
white oak the lower corner of a 98
acre survey made in the name of
Dillard, and known as the lower
Dillard corner; thence with the
meander of the river and up the
same to a sycamore a conditional
line originally made by Ambrose
Arthur, between his two sons John
and Thomas Arthur; thence south-
wardly with said conditional line to
the conditional line between Wil-
kerson Amls, and John G. Amls,
about 100 yards e of a sulphur
spring; thence with said condition-
al line to the beginning containing
towards more or less but there is
excepted from this boundary the
Wilkinson Amls, grave yard.

SECOND TRACT, bounded on
the e by the Cumberland River on
the s by lands of S. B. Dishman,
and J. J. Poreful, on the w by the
lands owned by J. J. Poreful and
the Poreful heirs and on the n by
R. S. Amls, and it is further bound-
ed on the w by lands of Jack Amls,
and Mary J. Amls.

Said property will be sold on a
credit of six months the purchaser
to execute bonds with approved se-
curity, bearing interest at six per
cent, from date until paid, having
the force and effect of a judgement
and retaining a lien on said property
until the purchase money is paid.
Witness my hand, this 9th day of
October 1912.

J. R. Jones, Commissioner.

Sale about 1 P. M. Purchasers
must execute bonds as soon as sale
is over, or the property will be im-
mediately put up and resold.

Seavy is Hobnobbing With the Democrats

Mr. Seavy the other Saturday
refused to divide time with Cal-
eb Powers at Somerset. Soon
after Seavy got through speak-
ing Mr. Powers took a vote of the
people in the courthouse, with
the following result: 4 voted for
Seavy, 400 for Powers and 20 for
Smith. It was not long after
that until Seavy and the brother
of the Democratic candidate for
Congress were closeted in the
latter's office, each conspiring
with the other in the hope of
bringing about the defeat of
Caleb Powers, the Republican
contender for Congress. A mighty
nubdy alliance is this, Mr.
Seavy. Don't expect the Demo-
crats and Mr. Smith to save you,
Mr. Smith cannot save himself.
—Adv't.

"I Got This Fine Pipe With Liggett & Myers Duke's Mixture"

All kinds of men smoke Duke's Mixture in all kinds
of pipes—as well as in cigarettes—and they all tell the same
story. They like the genuine, natural tobacco taste of

Liggett & Myers

Duke's Mixture

Choice bright leaf aged to mellow mildness, carefully steamed
and then granulated—every grain pure, high-grade tobacco—
that's what you get in the Liggett & Myers Duke's Mixture sack.
You get one and a half ounces of this pure, mild, delightful
tobacco, unsurpassed in quality, for 5c—and with each sack you
get a book of papers free.

Now About the Free Pipe

In every sack of Liggett & Myers Duke's Mixture we now pack
a coupon. You can exchange these coupons for a pipe or for many
other valuable and useful articles. These presents cost not one
cent. There is something for every member of the family—
skates, catcher's gloves, tennis rackets, cameras, toilet articles,
suit cases, canes, umbrellas, and dozens of other things. Just send
us your name and address on a postal
and as a special offer during Octo-
ber and November only we will
send you our new illustrated cata-
logue of presents FREE of any
charge. Open up a sack of Liggett
& Myers Duke's Mixture today.

Coupons from Duke's Mixture may be
exchanged with tags from HORSE SHOE,
J. T. TINSLEY'S NATURAL LEAF,
GRANGER TWIST, and Coupons from
FOUR ROSES (10c tin double coupon),
PICK PLUG CUT, MEDMONT CIG-
ARETTES, CLIX CIGARETTES, and
other tags or coupons issued by us.

St. Louis,

Mo.

IT IS the weak spots that motor builders are looking
for in order that they may correct them, and a tester
who takes his car back to the factory and tells his super-
intendent that he has found a weakness is usually putting
himself in line for promotion, therefore, there is the keenest
competition between the drivers of test cars to see who can
find the severest punishment for his car, hoping in this way, to
discover a weak point. A Railroad crosses one of the many
K-R-T testing roads and there is a large bump just before
the railroad is reached. One of the testers conceived the idea that
if he struck this bump with sufficient speed, his car would make
the leap and clear the railroad tracks before striking the ground
again. He tried this jump and the car made it perfectly and
came down clear of the bar rail. When he returned to the fac-
tory with this story he could find no one to believe it, as a re-
sult the superintendent had several of the testers went out to
see him repeat the performance, which he did, not once but sev-
eral times, and when the distance of the leap was measured it
was found that the car had cleared 35 feet from the bump to
the place where it struck ground again. When the car was re-
turned to the factory it was found that the test had not in-
jured it in any way whatever.

Got Back at the Judge.

A celebrated engineer, being exam-
ined at a trial where both the judge
and counsel tried in vain to browbeat
him, made use in his evidence of the
expression, "the creative power of a
mechanic," on which the judge rather
tartly asked him what he meant by
"the creative power of a mechanic."
"Why, my lord," said the engineer, "I
mean that power which enables a
man to convert a goat's tail into a
judge's wig."

Saving the Babies.

In England and some other countries
great progress has been made in re-
cent years in the prevention of infant
mortality. In this country an associa-
tion has been formed, known as the
American Association for the Study
and Prevention of Infant Mortality.
The object of this society is to co-
ordinate all the sanitary agencies for
the express purpose of reducing the
number of preventable deaths of in-
fants.

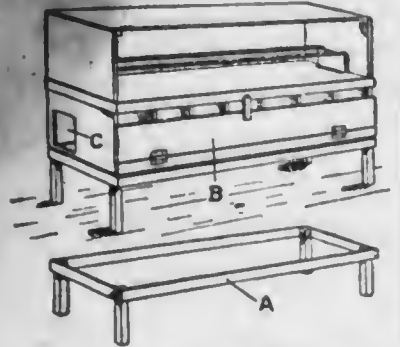

POULTRY

COMBINED ROOSTS AND NESTS

Arranged With Particular Idea of Pleading Hens—Easily Removed When Cleaning Is Desired.

(By MYRON C. RAFFORD, in the Farm and Fireside.)

I think I have studied out and made a perfect combined nesting and roosting box. The nesting-boxes are of easy access, and at the same time so secret as to please the hens, and make them very scarce from the hens learning that pernicious habit, so often learned in the winter, of eating their eggs. The roosts are in a position to allow all possible excess of fresh air without draft, and at the same time allow protection from a severe cold night. The third important advantage lies in the fact that it is made so much in sections as to be moved with ease. Every part is perfectly accessible, so as to be easily oiled or whitewashed, to prevent and remove disease or lice. The foundation is a bench (A) 15 inches high, which allows the hens to use the floor space underneath, so that is not wasted; 25 inches wide, and as long as desired, conforming to the space available and fowls to use it; remember, the nests (E) should be 15 inches square, so the length should be an equal multiple of 15. The nesting-boxes should have a door (B) to turn down in front, with sufficient open space in cracks to allow the hen a little light, and yet dark enough to encourage them in hiding their eggs, and also to discourage the idle hens from busting after the newly laid eggs. You will note the hens enter an entrance

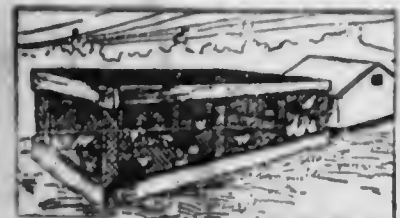

Combined Roosts and Nests.

(C) at back right (or left) hand corner, at the end and into an alley (D) that runs back of the nests (E) and opens into each. On top of the nest is a cleated cover of matched boards that carries an open-faced box without top or bottom, that sets on the cleated cover and in turn supports a cleated cover. In this open box is placed a roost made of two poles nailed to one-by-three-inch strips 24 inches long for supports. At the front edge of cover is fastened a piece of hurlap, or strip of blanket, to turn down on very cold nights after the hens are at roost. Large fowls need a cleated board set slanting, in order to walk up to the roost. A small box should be set at the entrance of the nest-boxes.

PROTECT THE YOUNG CHICKS

Put Together Some Thin Boards or Slats in Form of Crate With Fine Mesh Wire on Top.

The illustration gives an idea how to build a yard for young chicks. Put together some thin boards or slats in the form of a crate at least two feet high and tack fine mesh wire netting over the sides and top. A small door should be put in one side to allow

Covered Yard for Young Chicks.

operator to care for feed and water dishes. The wire yard should be placed tight to the entrance of brooder or coop, and made secure at either side by boards and staples. Thus the whole outfit may be easily detached, and moved about as the runs become stale, writes Charles R. Bushnell in the Farm and Home. You also have protection for the chickens from crows, hawks and cats, etc.

Disease-Breeding Houses.

In closely-built houses, where there is poor ventilation, the air becomes contaminated by gases arising from litter and the accumulation of droppings. As the hens are exposed to these gases during the night, it is no wonder that the system becomes poisoned by them and disease results.

Nitrogenous Feeds.

While meat is an excellent food for egg production, on account of its nitrogenous quality, there are a number of other feeds which are also high in nitrogen, among which may be found flaxseed meal, malt sprouts and gluten feeds.

TIMEPIECE TO RUN FOREVER

Perpetual Motion Is Almost Solved by Pennsylvania Man Who Also Discovered Telephone.

The only piece of machinery in the world to be operated entirely by electricity drawn from mother earth is now running at Camp Hill, near Carlisle, Pa. It has been in continuous operation since 1870, except for short periods due to its transfers to several different localities.

In the late sixties Daniel Drawbaugh, to whom every one in that locality gives credit for inventing the telephone, and who also constructed hundreds of ingenious mechanical and electrical devices, conceived the idea that he could make a perfect clock operate under the guidance of latent electrical forces in the earth. Time has shown that Drawbaugh has come closer to perpetual motion than any other inventor.

In the Drawbaugh timepiece, which stands about six feet high and is unlike all other clocks, the pendulum is the motor. It is suspended on an edged pivot of hardened steel, the friction thus being reduced to a minimum. The pendulum weighs about 45 pounds. Its central rod terminates midway between the hall and the point of suspension, where there is an ordinary, permanent magnet. Fastened against the back part of the clock case, at right angles to the permanent magnet, is an electro magnet, the wire of which runs into the ground, the earth becoming the battery feeding the electro magnet.

When the pendulum is swung away from the perpendicular the opposite pole of the magnet first attracts and then repels, thus keeping up the oscillation.

A remarkable feature of the clock is that there are only four bearings that are subjected to friction. Drawbaugh said that his clock would run for hundreds of years before any part would have to be renewed.

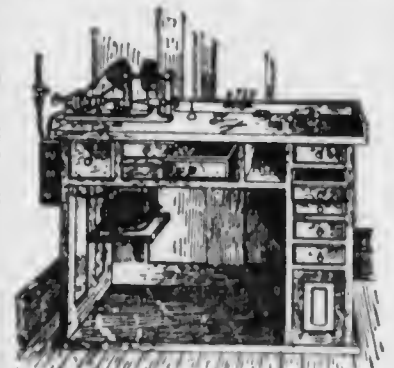

In making the clock ready for work it is necessary to dig a hole in the earth about three feet in diameter and six feet in depth. Metal plates are placed so that moisture cannot enter into the mechanism of the clock, and the timepiece can be so run that it will not gain or lose two seconds in a year.

The clock is now running in the office of Charles H. Drawbaugh, the inventor's son, at Camp Hill, where many visitors marvel at its simplicity and ingenuity.

MOTOR POWER FOR JEWELER

Three Switches Used for Starting, Stopping and Reversing Current as Is Desired.

The foot wheel of the jeweler and watch repairman is being replaced by the electric motor. The installation of such a motor is here shown, says the Popular Electricity. The first of the three switches on the bench starts

Jeweler's Power Motor.

and stops the motor, the second provides for three different speeds and the third instantly reverses the motor, even though it is running.

ELECTRICAL NOTES

A slanting aerial in wireless is not as efficient as the horizontal parallel. By a new system of machine telegraphy 300 words a minute can be sent. A method has been devised for storing electric heat to be used for cooking purposes.

There is an electric light for every inhabitant of the Manhattan section of New York city.

The export of electrical apparatus is 1911 reached the enormous figure of \$19,355,536, considerably in excess of other figures in recent years.

All vessels carrying passengers to and from the ports of Uruguay are required by law to be equipped with wireless telegraph apparatus.

The engine of a motor-driven street sprinkler in England also is used to operate one pump to fill its tank and another to help scatter the water.

For measuring the resistance to the electrical current of poorly bonded rail joints is the purpose of a device invented by an ingenious Frenchman.

Because of its high melting point tungsten is being used in an experimental way in the place of platinum on the contact points of induction and spark coils.

Wireless operators in England must have a license and there are strict rules and regulations to be enforced by those who are conducting the experiments in this line.

At the Hawthorne plant of the Western Electric company at Chicago are three Chinese students sent out by Nan Yang university to study the mysteries of American telephony.

Sheriff's Sale

Federal Chemical Co. and Globe Fertilizer Co. vs.

John Harris, S. W. Harris, W. O. Adkins, W. F. Herren and Mary E. Craig.

By virtue of an execution No. 1921 issuing from the Laurel Quarterly court on the 9th day of Sept. 1912, I, S. H. Jones, sheriff of Knox county will sell at the front door of the court house in Harboursville, Ky. on Monday, October 28th, that being the first day of the Knox county court, to the highest and best bidder the following described boundary of land:

Beginning at a post oak at the State road at C. C. McHargue's corner, thence with said line to Sam Harris' corner on a stone, thence with two black oaks, thence with G. B. Surgenor's line to the county road to a stone, thence with W. F. Herren's line to Bill Hale's line, thence with Hale's line to S. W. Ohler's line, thence with Ohler's line to S. W. Harris' line to a stone, thence with Harris' line to the beginning, and containing in all about 75 acres more or less, it being a tract of land W. C. Adkins inherited from his mother Samantha Adkins, described in deed book I, page 350 in the office of the clerk of the Knox county court, and the same land decided to first party by W. C. Adkins and wife by court dated December 18, 1909 and recorded in deed book 20, page 324 in same office.

Levied on as the property of W. F. Herren.

Said sale will be for cash or on a credit of six months with approved security, the purchaser to execute bond, bearing interest, at the rate of 6 per cent from date of sale until paid, and having the force and effect of a judgment and retaining a lien upon the property until all the purchase money is paid.

The amount to be raised is \$57.78 and probable cost of \$30.00.

Given under my hand this 9th day of October, 1912.

S. H. Jones, S. K. C.

NOTICE

Of Sale In Bankruptcy

United States District Court Eastern District of Kentucky.

IN RE:

Bell Knox Coal Company, Bankrupt, In Bankruptcy No. 879.

Notice is hereby given that the undersigned James H. Jeffries, Trustee in Bankruptcy in the above styled cause, under and pursuant to an order and judgment of sale heretofore rendered and entered of record therein, will on

FRIDAY, OCTOBER 31,

A. D. 1912, between the hours of one o'clock P. M. and four o'clock P. M. on the premises, at the front door of the office of the bankrupt Bell Knox Coal Company, on My Hollow, Knox County, Kentucky, offer for public sale to the highest and best bidder, all of the hereinafter mentioned and described property, same lately belonging to the said bankrupt Bell Knox Coal Company, viz:

All of the right, title, interest and claim of the bankrupt, Bell Knox Coal Company, in and to 629.07 acres of leasehold property as remote vendee thereof under and by virtue of a certain coal mining lease dated April 8, 1904, and executed by the Greasy Creek Mineral Company to the Ingles Coal Company, said lease being of record in Lease Book No. 7, at pages 279 to 287 inclusive, records Knox County Court Clerk's office.

The said lease is in consideration of ten cents per ton of 2000 pounds royalty to be paid by the said Ingles Coal Company, its successors and assigns, gives and grants to the said Ingles Coal

Company, its successors and assigns, including the Bell Knox Coal Company, the sole right and privilege for a period of twenty five years from April 8, 1905, and for as much longer period as may be necessary to mine, ship and sell all coal found in, under or upon the said land, except the coal therein that is known as the "Blue Gem" No. 1, and No. 2, and also all coal lying below "Blue Gem" No. 1; together with all the buildings, houses, tipples, inclines, mine tracks, mining cars, engines, boilers, pumps machinery, mules, stock of goods, entries and improvements, and all other mining equipment and property of every kind situated upon and appurtenant to the said land at the time of the filing of the petition in bankruptcy herein.

ALSO all of the right, title, interest and claim of the bankrupt Bell Knox Coal Company in and to 170 acres of leasehold property, as remote vendee under and by virtue of a certain coal mining lease dated September 5, 1910, and executed by the Continental Coal Corporation to W. T. Murray, said lease being of record in Lease Book No. 5, page 111, records Bell County Court Clerk's office.

The said lease in consideration of ten cents per ton of 2000 pounds royalty, to be paid by said W. T. Murray, his successors and assigns, gives and grants to the said W. T. Murray his successors and assigns, including the bankrupt Bell Knox Coal Company, the right and privilege for a period of twenty five years from the 5th day of September, 1910, to mine, ship and sell all of the coal found in, under or upon the said 170 acres of land, except the seam of coal known as the "Black Raven" of "Straight Creek" seam, and all seams lying below it; together with all of the buildings, houses, tipples, inclines, mine tracks, mine cars, engines, boilers, pumps, machinery, entries, improvements and rights of way of every kind situated upon or appurtenant to the said tract of land at the time of the filing of the petition in bankruptcy herein.

The foregoing mentioned and described property will be sold as a whole, to the highest and best bidder, one-half of the purchase price to be paid in cash to the undersigned Trustee, on the day of sale, and the remaining one half thereof to be secured by a sale bond payable to the undersigned Trustee, due in six months from the day of sale, bearing six per cent interest from day of sale until paid, with good surety thereon, and having the force and effect of a replevin bond, and retaining a lien upon all of the property to secure the payment thereof.

Reference is here made to the judgment and order of sale herein and to the records of the said two leasehold properties for a full and complete boundary description of said lands as fully as though set out herein.

Dated this September 30th, 1912.

James H. Jeffries, Trustee In Bankruptcy.

State of Ohio, city of Toledo, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATAARRH CURE.

FRANK J. CHENEY.

Signed before me and subscribed in my presence, this 6th day of December.

A. D. 1896.

(Seal) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials, free.
